The bifacial double-glass design of the TOPCon BiMAX5N series allows these solar panels to capture sunlight from both the front and back sides, maximizing energy production. This feature is especially advantageous in environments with high albedo, such as snowy or reflective surfaces, where it can significantly increase overall energy yield.

The Bifacial JA Solar 420W N-type Double Glass Mono MB MC4 Solar Panels (JAM54D40-440/MB) solar panel is a 420W bifacial highest efficiency monocrystalline module. Powered by the latest MBB n-type solar cell and half-cell configuration, these modules have higher output power, lower LID, better weak illumination response and better temperature ...

The JA Solar 430W All Black Double Glass Solar Panel is a high strength, exceptionally reliable and high-power solar panel with a dazzling all-black appearance to integrate into any aesthetic building or stylish property. Made from an eco-friendly design that reduces environmental impact and simplifies the recycling process, this modern solar ...
