

How to choose a power supply for outdoor enthusiasts?

Lighting: A flashlight is also a must for outdoor enthusiasts. Install a lighting function in the power supply, this power supply integration function is more powerful. At present, there are two types of power supply: a round lamp, an energy-saving lamp. It is a great choice for outdoor lovers.

Why do people buy outdoor power supply?

Most customers buy outdoor power supply is due to the capacity of charge pal is usually small, which cannot meet the demand of many charging electronic devices. Therefore, consider an outdoor power supply that can solve more than 80% of the charging of electronic devices. The diversity of all charging ports is also considered by the public.

What is included in a solar kit for home?

Our complete solar kits for home already come with just about everything you need to begin harnessing power from the sun,including solar panels,inverters,batteries,cables and solar charge controllers. Typically,we recommend kits ranging from 60 to 720 watts for smaller homes,depending on how many devices and appliances need power.

Why is outdoor power supply a must-have for travelers?

"The world is so big, I want to see" aroused the resonance of so many people. Then the corresponding outdoor equipment has become a must-have for travelers, especially outdoor power supply.

How can I customize my solar panel kits?

You can further customize your solar panel kits to suit your environment by adding batteries, inverters, ground mount solar racks and other common accessories that will easily complete your setup. We can help you create both permanent and temporary solar setups in your small structure.

What is the battery capacity of outdoor power supply?

At present,the battery capacity of outdoor power supply in the domestic market varies from 100Wh to 2400Wh. 1000 Wh = 1 Kwh. The maximum capacity we've seen is 2400Wh, which means it has 2.4 -kilowatt storage. For high-power equipment,the battery capacity determines the battery life and how long it can be charged.
