Who is taspac energy?

Taspac Energy is NZ's premium supplier of Solar PV and Energy Storage Solutions. 100% Kiwi owned, Taspac was founded in 2014 with a very simple goal - to provide best-in-class renewable energy solutions to New Zealand solar installers and electricians, backed up with a high level of local sales, technical and warranty support.

Will a 100-megawatt solar farm improve New Zealand's national grid?

Located at Ruakaka in the country's North Island, the 100-megawatt (MW) BESS will improve the stability of the national grid, as intermittent renewable power generation increases in New Zealand. The BESS is the first stage of a project that will include the construction of a co-located 130 MW solar farm by Meridian Energy.
