Why do Mexican hospitals need power generators?

Various Mexican hospitals have been equipped to deal with the pandemic. We are supplying many of them with power generators, as we are a direct supplier of the Ministry of Defense who is in charge of this project. We provide solutions to Mexico's new Welfare Banks as well.

Is Generac launching a solar system in Mexico?

A: Generac began offering this solar-based solution to domestic users in the US in 2019. This business has been very successful, surpassing all expectations in terms of sales. In fact, the high US demand for the solution has delayed its rollout for the Mexican market. Nevertheless, we are ready to launch the product in Mexico this year.
