

Outdoor power supply core replacement

What if my power supply is eligible for replacement?

If your power supply is eligible for replacement, it does not immediately mean that it is defective. Signify itself also says that you can continue to use the power supply until the replacement units have been delivered. They say, "In the meantime, you can continue to use your Philips Hue lights."

Are Philips Hue outdoor power supplies defective?

Watch out! Some Philips Hue outdoor power supplies may be defective and pose a safety hazard. Signify has therefore started a replacement program to replace affected models. In this article I will tell you which details you have to pay attention to. A low number of external power supplies may fail due to water ingress and cause a short circuit.

Can a Philips Hue Lily XL power supply be replaced?

In very rare cases this could pose a safety risk if touched in wet conditions. The replacement program involves the power supply units as part of the base kits for Philips Hue Lily, Lily XL, Calla, Econic and Impress, which were sold between 2018 and 2020 primarily in Europe, United States, Australia and New Zealand.

Can a low number of external power supplies cause a short circuit?

A low number of external power supplies may fail due to water ingress and cause a short circuit. The exchange programme includes the enclosed power supplies of the Philips Hue Lily, Calla, Impress and Outdoor Lightstrip base-kits, which were sold between 2018 and 2020 mainly in Europe, the United States, Australia and New Zealand.

Can a 40 Watt outdoor power supply affect a hue Lily?

And now that some of you are getting your garden ready for spring, it's time to remind you of the story again. It's about the 40 Watt Outdoor Power Supply from Philips Hue. This was sold with the starter sets of the Hue Lily or Hue Calla, and the power supply of the Outdoor Lightstrips can also be affected.

Does Philips Hue have a power supply replacement program?

To ensure that you feel safe when using Philips Hue products, we're launching a replacement program for those with affected PSUs. To avoid any risks, we advise consumers in case of product failure to first switch off the power before touching the power supply unit. Is my power supply unit affected?
