

Outdoor power supply has great uses

The outdoor power units provide either a 16A or 32A power supply in both single and three phase plug sockets, all with RCBO protection. Not only do they supply a safe and secure outdoor power source, but one of their key advantages over more traditional power sources e.g. power generators, is their retractable nature.

Fill your entire outdoor space with smart light using this outdoor power supply, which allows you to add up to 100W of different lights. Connect two cables -- each measuring up to 30 meters -- to any low-voltage outdoor Philips Hue light on each connector, adding each fixture's wattage to reach the maximum 100W threshold of the power supply.
