What is the best power bank for iPhone & Android?

The Anker MagGo Power Bank (10K) can charge your iPhone or Android (with a compatible case) magnetically, and you can even set your phone sideways for Standby mode to use it like a desk clock. It looks great, packs plenty of power, and has a gorgeous display to check how much juice is in the box. 3. Iniu PD 22.5w 20000mAh

Should you buy a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. These are available in many sizes and capacities and can include handy features like fast charging and extra ports.

What features should you consider when buying a portable power bank?

Pass-through charging is another feature to consider; with it, you can charge your device and a portable power bank simultaneously. That's convenient if both your phone and backup battery are running on empty.

Do you need a power bank to charge your phone?

If you have a newer Android phone, or the latest iPhone models, you'll want a power bank with faster charging speeds to get your battery full faster. You can also find a power bank that charges your phone (or even your Apple Watch) wirelessly.

What is the best wireless power bank?

The Anker PowerCore III 10K Wireless is the best wireless power bank. It's a Qi wireless charger that can also be used as a portable power bank.

What is a power bank & how does it work?

The power bank also has pass-through charging, letting you replenish phones and laptops while they're plugged into the wall, and a "low current mode," designed to help protect items with small batteries, like watches and headphones. All of this comes in a tiny package (less than an inch thick), weighing just over five ounces.
