

Solar Street Light 45000W

How long do solar LED street lights last?

Solar LED street lights with a 20 year life design. Monocrystalline solar panels and replaceable batteries. Solar LED Lights for harsh saltwater and hurricane environments to withstand 180 mph winds. Selecting the right solar street light manufacturer to partner with can be daunting.

How many lumens does a solar Streetlight have?

Solar Lighting International offers solar streetlights in multiple brightness options: 7,400 lumens, 6,600 lumens, 14,800 lumens, 13,300 lumens, 16,000 lumens, and 22,200 lumens for standard streetlight fixtures.

Can solar street lights withstand 180 mph winds?

Solar LED Lights for harsh saltwater and hurricane environments to withstand 180 mph winds. Selecting the right solar street light manufacturer to partner with can be daunting. Your reputation is important to us at Solar Lighting International and we manufacture the highest quality, best solar street lights available.

Are solar street lights eco-friendly?

Commercial-grade solar street lights have become increasingly popular, notably in the recent decade. They are now commonly considered the most environmentally friendly alternative to utility grid lights. They are the ideal replacement for all applications since they are cost-effective, sustainable, and low-maintenance renewable energy sources.

Do solar street lights rely on the utility grid?

We are frequently asked to design solar lights for highways, city streets, industrial solar street lights for areas such as port roadways, and residential street lights as well. Our commercial solar street lights do not rely on the utility grid, allowing them to be installed on rural roads and streets without running power to the light pole.

Are Stealth II led street lights reliable?

Our Stealth II solar-powered led street lights are designed for a 20-year life quality and their reliability is unparalleled in the solar lighting industry.

Shenzhen Moonlight Technology Co., Ltd. is a Top 3 solar street light manufacturer in China, established in 2010, has been committed to the research, development, production and sales of solar led street lights and solar garden lights for many years.
