What is mission Solar 320W solar panel?

Mission Solar 320W Solar Panel is a 60 cell module featuring class leading power output that makes it ideal for both commercial and residential systems. The Passivated Emitter Rear Contact (PERC) technology ensures excellent power output with the help of advanced cell structure.

Are 320W solar panels a good buy?

I bought 6 of the 320W solar panels 3 years ago for an off-grid cabin and have been living there full-time since retiring. I was surprised by how much power they generate even on cloudy days. One benefit is that the clouds diffuse light, allowing the panels to generate power for a longer period with reduced output.
