

Which large-capacity outdoor power supply is reliable

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Grecell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Ugreen. [What to Know Before Purchasing a Portable Power Station](#)

How much power can a portable power station hold?

While a particular power station might claim to hold 1,000 watt hours, the actual amount of usable power you can get out of it is a different story. The best portable power stations also have an onboard computer that shows you how much energy is left in your unit, as well as how much power it's currently using.

Are portable power stations worth it?

Portable power stations are more powerful and cost effective than ever before. And, thanks to advances in lithium-ion battery technology, they're also lighter and more compact. Whether you've been dreaming of van life or are building out your emergency kit in advance of that next blackout, there is a power station that will meet your needs.

How do I choose a portable power station?

When selecting a portable power station, it's essential to identify your primary needs and priorities for owning one. Most portable power stations have main common features (such as a battery and ports to pull power from that battery).

What is the best portable power station for backup?

Anker Solix F1200 (1,229Wh): This unit was previously known as the PowerHouse 757 from Anker, and was also CNET's previous pick for "best portable power station for backup." Its UPS mode was one of the earlier units to boast "less than 20ms" switchover time in the event of a power outage. It's also currently \$500 off on Anker's site.

Do you need more than one power station?

The reality is that if you're going to need to plug in more laptops or phones into a power station than there are ports for, odds are you are going to need more than one power station (or a single unit that is outside the scope of "portable").

The Pecron Portable Power Station E3600LFP stands out as an ideal choice for outdoor enthusiasts and emergency preparedness advocates seeking reliable off-grid power solutions in 2024.
